SEVERAL SPECIAL ORDERS.

Among the Most Important Measures to
Be Considered By the Senate Is the
World's Fair Bill—The Silver Que-
stion May Be Considered in the House.
Other Washington Dispatches.

WASHINGTON, April 21.—On Monday
the world's fair bill comes up in the sen-
ate as the special order, and Mr. Hawley
who has the bill in charge, will insist
upon its consideration. There is likely
to be some debate on its various provi-
sions, as Messrs. Blackburn and Vest ex-
pect to speak. If the world's fair bill is
finished on Monday the District of Co-
lumbia appropriation bill, which Mr.
Plumb has given notice he will call up,
will be next in order. This, however,
can be disposed of in one day.

The land forfeiture bill is on the pro-
gram, but may be laid aside to take up
the administrative customs bill, upon
which there will be considerable discus-
sion, although the bill has already
passed the senate very nearly in its pre-
sent form. Some of the Democratic sen-
ators are in a position to make this bill
a peg upon which to hang political
speeches. There is no particular hurry
about the land forfeiture bill, but from
the efforts made by Mr. Plumb to have
it take precedence last Friday, there is a
chance that he will make another effort
this week, and if it gets up it is likely to
be the subject for Friday's debate. Sat-
urday the senate takes up the calendar.
The business of the house during the
week may be greatly influenced by the
census of Republican representatives on
the silver question. Should a satisfac-
tory bill be agreed upon in the caucus, it
will be brought up for discussion and
pushed to a consideration before the end
of the week. This is the disposition at
present.

Other matters of general interest will
also be brought forward in the house.
Monday will be a session day, but it
has been agreed to let the regular order
go by the board, and to take up the con-
ference report on the Oklahoma terri-
tory bill. This is a privileged matter,
and takes precedence of nearly all other
business.

The judiciary committee is anxious to
bring up the National bankruptcy bill
during the week, and will probably suc-
ceed in doing so after the appropriations
committee gets the legislative, executive
and judicial appropriations bill out of
the way. There is also a chance that
the judiciary committee may call up the
copyright bill.

No agreement has been reached be-
tween the leaders of the two sides of the
house concerning the tariff discussion.

Pension Prospects.

WASHINGTON, April 21.—There is little
chance for the passage this session of the
bill introduced by Mr. Herrmann to pen-
sion the survivors of the Oregon Indian
wars of 1847-48 and 1855-56. The mem-
bers of the pensions committee of the
house, to whom the bill was referred,
have talked it over and decided that it
should not be acted upon by them until
after other general pension bills have
been disposed of. Bills to pension the
soldiers and sailors of the Mexican war,
and the survivors of the Indian wars
that took place in the south and south-
west, between 1832 and 1842, are before
the house, and it is believed that con-
siderable opposition to the Oregon bill
would be manifested should an attempt
be made to call it for discussion and
passage before the other bills referred to
have been taken up.

The members of the committee have
another objection to the bill. They
think it too soon to pension the sur-
vivors of wars occurring as late as the
Oregon conflicts, and have so told Mr.
Herrmann. The bill directs the secre-
tary of the interior to place upon the
pension rolls the names of the surviving
officers and enlisted men, including mil-
itia and volunteers of the territory of
Oregon, in the Cayuse war and the con-
flicts of 1855-56, and to embrace
all employed or enlisted men who
were en route to, or were actually en-
gaged in a battle, also surviving widows
of officers and enlisted men. The bill
provides for uniform pensions of \$8 per
month.

Desertions from the Army.

WASHINGTON, April 21.—The reports
received at the war department for the
nine months beginning with the fiscal
year July 1, 1889, and ending March 31,
1890, show that there have been 1,372
desertions from the regular army during
that period. For the corresponding
months of previous year, there were
1,893 desertions—a reduction this year,
of over 16 per cent. The desertions for
March were but 151 as compared with
285 during March, 1889. The percentage
of desertions to the enlisted strength of
army has been, for this period, 6.1 per
cent., and for the same period last year,
it was 7.6 per cent.

Secretary Proctor has taken an active
personal interest in this subject, and has
labored diligently to remedy this evil,
with some success as the figures show.
In his annual report he showed that it
was only partly a question of adminis-
tration, but that there was also legisla-
tion needed. The house has already
passed bills in the line of the secretary's
suggestions, and it is believed that if the
same passed the senate and became laws
they will enable him to accomplish much
more in this direction. Not only is the
prevalence of desertion in the regular
army demoralizing to the army itself,
but the expense to the government in re-
cruiting, and for the transportation of
new men is considerable.

War Vessels for Behring Sea.

WASHINGTON, April 21.—It is the gen-
eral impression at the navy department
that a most vigorous policy is to be pur-

sued in regard to protecting American
interests in Alaskan waters. A number
of vessels will be sent into Behring sea
as soon as they can be fitted out. The
fleet of United States vessels which will
cruise in Behring sea during the sealing
and salmon seasons will consist of the
Alert, Ranger, Pinta, Thetis, Rush,
Bear and Corwin, and possibly the Iro-
quois.

At present all efforts are being direct-
ed to fitting out the Ranger, as it was
found that that vessel could be prepared
for the service in less time than would
be necessary to prepare the Alert. Work
will be concentrated on the Alert, how-
ever, as soon as the Ranger is fitted out.
Several of the other vessels need slight
repairs, and as soon as these are com-
pleted they will start for their destina-
tion.

The Grant Statue Bill.

WASHINGTON, April 21.—The bill in-
troduced by Senator Squire, of Wash-
ington, last Wednesday, providing for
the erection of an equestrian statue of
Gen. Ulysses S. Grant in this city, was
passed upon favorably by the committee
on public buildings and grounds, Satur-
day, and later in the day Mr. Squire re-
ported it back to the senate. There is un-
animous agreement among the mem-
bers of the committee that at the ear-
liest practicable moment the bill shall be
taken up and passed, so that it may be
sent to the house and there put upon its
passage in order to have it enacted into
law before the fifth anniversary of the
death of the man whose memory this
monument is to commemorate.

Senate Proceedings.

WASHINGTON, April 21.—In the senate
Saturday a bill was introduced for the
purchase of Mathews' portrait of Abra-
ham Lincoln and another for the accep-
tance of the Grand Army of the Republic
statue of Gen. Grant. A bill was re-
ported appropriating \$100,000 for an
equestrian statue of Gen. Grant in Wash-
ington. The bill for the relief of the
widow of Lieut. Col. McLean was passed;
also a bill authorizing the purchase of a
site for a supreme court building east of
the Capitol. After a brief executive
session the senate, at 5:30 p. m., ad-
journed.

In the House.

WASHINGTON, April 21.—In the house
Saturday public building bills were
passed or disposed of, after which eulo-
gies were delivered on the late S. S.
Cox, of New York, until 5 p. m., when
the house adjourned.

MISSISSIPPI OVERFLOW.

Ponchartraine in Danger from the En-
croaching Waters.

NEW ORLEANS, April 21.—The Pica-
yune's Ponchartraine, La., special says:
The water is rising rapidly on the Illi-
nois Central road, and is coming near
to town. It is expected that the road
will have to abandon all work.

The road officials will make a trial
trip with the Camelia to Wadsworth to-
morrow with a view to running regu-
lar. The north pass bridge is afloat,
and the south pass bridge is expected to
go soon. Boats sail from Pass Manchac
alongside the railroad to within one and
a half miles of this town.

The Times-Democrat's St. Joseph, La.,
special says: The river has risen three-
quarters of an inch in the past twenty-
four hours. The backwater continues to
rise slowly but steadily, and is doing
more damage than was at first antici-
pated. The levees are holding well.
Weather cloudy and warm.

The draw at the southern end of the
New Orleans and Northeastern railroad
bridge over Lake Ponchartraine has been
rendered useless. At 7 o'clock yester-
day evening the United States govern-
ment tender Grover, refusing to answer
her helm, ran into it and tilted it over.

A large force is at work on it, but it is
thought that travel over that line will
be impeded for two or three days.
The Illinois Central railroad has thirty
car loads of bananas which were to have
gone over that road for northern points
this morning, but are now left on their
haunchs.

The Louisville and Nashville is the
only railroad on the east side of the Mis-
sissippi river that now has an uninter-
rupted line of communication with this
city.

KILLED HIS FRIEND.

A Shooting Affray in the Presence of Two
Hundred Excursionists.

ST. JOSEPH, Mo., April 21.—Charles
Carroll, aged 30, a dissipated fellow, shot
and instantly killed George Dockhorn,
aged 35, a country laborer, about 4
o'clock yesterday afternoon at Elwood,
a small Kansas town across the Missouri
river, in a most brutal manner. Both
men had been drinking freely all day
and were on the friendliest terms. Car-
roll accused Dockhorn of stealing \$10
from him, which was untrue, and when
the latter remonstrated Carroll pulled a
pistol and fired two bullets, striking
Dockhorn in the breast and abdomen.

The murder was committed in the
presence of 200 excursionists who were
lauding from a boat. Carroll was pur-
sued and captured after emptying his
revolver at the crowd, but through the
stupidity of the authorities was allowed
to escape. A posse is searching for the
murderer and when captured he will no
doubt be lynched.

LITTLE ROCK, Ark., April 21.—News
of a fatal stabbing affray has been re-
ceived here from Hempstead county.
J. V. Hildreth and Tony Cooper, two
farmers, while rebuilding a fence Satur-
day fell out about the ownership of some
rails, and knives were resorted to.
Cooper was stabbed to death on the spot,
and Hildreth received wounds from
which he cannot recover.

Disaster on the R. & O.

WHEELING, W. Va., April 21.—The
Pittsburg and Cincinnati express on the
Baltimore and Ohio struck a freight
train just east of Barnesville, O., Sat-
urday night. Both trains are reported
badly wrecked, a number of passengers
wounded and an engineer killed, but
names or details are not obtainable.

The Pittsburg Trouble Still
Unsettled.

THE STRIKE NOT YET ORDERED

Railroad Officials Make a Proposition
Which Is Rejected by the Employees.
Another Conference to Be Held—Other
Strike Troubles.

PITTSBURG, April 21.—Special commit-
tees, appointed by the executive com-
mittee of the Federated Railroad Em-
ployes, called at all of the railroad offices
in the city to see what the companies
were willing to do. The committees re-
ported that the proposition to advance
wages of day conductors to twenty-four
cents per hour, night conductors to
twenty-five cents per hour, day brake-
man to nineteen cents and night brake-
man to eighteen cents per hour has been
offered to the grievance committee by
the superintendents of all railroads en-
tering the city, except the Baltimore
Ohio railroad and the Pittsburg and
Lake Erie railway. All of these propo-
sitions were considered separately by
the federated executive committee and
local grievance committee, and each one
in the turn was unanimously rejected.

When the last meeting adjourned
there was such a hopeful feeling among
the men as has not been equalled since
the trouble began. The men claim now
that the railroad officials have virtually
recognized the federation, and that one
point has been gained.

Said President Hawley when seen:
"The wages we will accept are embod-
ied in our list of grievances. This list is
our ultimatum."

Still Arbitrating at Chicago.

CHICAGO, April 21.—The conference
between the arbitrating committees of
the striking Carpenters and the new
Boss Carpenters' association has so far
failed to bring about any settlement of
the strike, although it was expected by
a great many that it would. The ques-
tion of wages was but briefly discussed
Saturday, and will be left for adjust-
ment at the next meeting of the com-
mittees, which will be held to-day.
The new association has recognized the
carpenters' union and granted eight
hours, and now the only questions to be
settled are those of wages and the num-
ber of men the bosses can employ.
These, it is expected, can easily be set-
tled.

Strikers Ordering a Boycott.

BOSTON, April 21.—The strikers at
Squire's pork packing establishment re-
solved yesterday to cable to France, En-
gland and other foreign countries re-
questing pork handlers not to handle
Squire's goods until the trouble is set-
tled. The firm claim that they did not
order a lockout as the men assert. They
say the orders to the killers Friday night
not to come to work until sent for were
merely meant that there were no hogs to
be killed and work would be suspended
until some arrived.

Carpenters' Troubles at Indianapolis.

INDIANAPOLIS, Ind., April 21.—The
carpenters' unions have extended the
time to consider their demands until
late this evening, the understanding be-
ing that if they do not accede, all the
carpenters in the city will be called out.
It is also intimated that if they should
not bring the contractors to terms, a
strike of all the building trades will be
ordered.

Illinois Miners Decide to Strike.

PANA, Ill., April 21.—Miners held a
secret meeting yesterday afternoon and
decided upon a strike at the Penwell
company's mines. The strike was pre-
cipitated by the refusal of the Penwell
company to reinstate forty union men
discharged last week. The fight will be
strong, as the operators say positively
they will not recognize the miners' union.

Asking an Increase in Wages.

NEW YORK, April 21.—The house-
smiths met here yesterday and decided
to demand \$1 per day instead of \$3.50.
Unless the demand is granted by May 1,
a general strike of the men is probable.

SWINDLING THE FARMERS.

A Sharpers' Trick Successfully Worked
in Northern Indiana.

LAFORTE, Ind., April 21.—A rather
sanctimonious, middle-aged, bald-head-
ed, educated, business-looking man,
who gave his name as E. S. Wilson, con-
nected with a manufacturing establish-
ment at Mansfield, O., about a year ago,
is victimizing farmers throughout north-
western Indiana. Wilson goes to the unsus-
pecting granger and offers to buy his
farm, and after making numerous in-
quiries he concludes it is just the farm
for a son who resides in Kentucky.

Wilson becomes very intimately ac-
quainted with the farmer, and finally,
after several days, receives a telegram
from his accomplice telling him his wife
is very ill, and to come home at once.
Wilson, on the strength of his friend-
ship with the farmer, borrows \$100 or
\$200, agreeing to return in a few days
and purchase the farm. The purchaser
then disappears. This swindle has been
worked very extensively throughout
North Indiana. Wilson is said to be an
ex-penitentiary bird, and a slick crook.

Fatal Ending of a Flirtation.

NEW YORK, April 21.—John H. Grif-
fith, a young tailor, of No. 184 Bayard
street, in attempting yesterday to jump
across a area way between his room
and the roof of an adjoining house,
where some girls with whom he had
struck up a flirtation were standing,
missed his footing, fell to the pavement,
sixty-five feet below, and was instantly
killed.

SAD SUICIDE.

A Young Girl Puts Arsenic on a Piece of
Bread and Eats It.

YELLOW SPRINGS, O., April 21.—A
very sad affair occurred here Friday
night. Miss Cora Loe, a beautiful
young girl, aged 17 years, daughter of
Mr. Isaac Loe, a prominent citizen,
killed herself by taking strychnine.
She was a bright, intelligent girl and
stood high in social and church circles,
and in no way had she even intimated a
suicidal tendency.

Friday night she went to the school
hall to attend an entertainment given by
the Sons of Veterans, and on returning
home about 10 o'clock complained of
being hungry, and going to the kitchen
got a piece of bread, spread it over with
strychnine, ate it and retired. In a short
time she was seized with convulsions,
which aroused the family, and despite
all efforts to save her life, she died in
great agony about two hours after she
took the dose. It is said that her parents
had objected to her entertaining com-
pany. Miss Loe was an estimable young
lady, and her tragic death seems to have
shocked the whole community.

FIGHTING OUTLAWS.

Three Desperados Shot, Two Killed and
Another Fatally Wounded.

CATLETTSBURG, Ky., April 21.—Three
brothers, John, Smith and William Bais-
den, three desperados known through-
out this section, were shot by a gang
headed by Jim Brewer, on Pigeon
creek, eighty miles from here, Friday.
The trouble which led to the killing
dates back several years, when Brewer
forced John Baisden from his bed and
made him run for his life. Since then
Baisden has been on a still hunt.

Friday Brewer gathered a party of
friends and waited for the outlaws in
ambush. Firing was not begun until
the three brothers were in close gun-
shot, John and Smith being killed out-
right and William frightfully wounded.
He is not expected to survive, but was
placed in jail at Logan Court-house.
Further trouble is expected between the
two factions. For several years the
Baisdens have been branded as outlaws,
and a reward of \$2,000 each set on their
heads.

A FAMILY POISONED.

The Daughter Arrested, Charged With
the Crime.

PITTSBURG, April 21.—Mary Stewart,
a girl 16 years of age, is under arrest at
McKeesport, on a charge of poisoning
her mother, two sisters and a 4-year-old
brother, James, from the effects of
which the little boy died yesterday. The
Stewart family lived in the most
wretched of poverty-stricken quarters
in McKeesport.

The doctor on arrival suspected that
they had taken arsenic, and adminis-
tered the proper remedies. He in the
meantime instituted an inquiry and
found that the family had been taken ill
on partaking of some soup prepared by
the daughter, Mary, strongly impregna-
ted with arsenic. Mary Stewart, who is
in jail, denies having put the arsenic in
the soup.

Probably Robbed and Murdered.

LAFORTE, Ind., April 21.—B. C. Smith,
steward of the schooner John A. Simp-
son, is supposed to have met a cruel fate.
Smith left the boat at Michigan City Fri-
day night to go to shore. He had con-
siderable money in his possession. Several
hours afterward a cry for help was
heard, and several men were seen to
hurry from the dock. An hour previous
Smith was seen in company with several
women. He was slightly intoxicated,
and it is believed he was robbed and
pushed into the harbor. The police have
several men arrested on suspicion, and
the harbor is being dragged for the body
of the missing man.

Fifty People "Ducked."

SPRINGFIELD, O., April 21.—Yester-
day afternoon an immense crowd were
watching the negro baptism by immer-
sion in Lagonda creek, when suddenly
a span of the foot passage of the bridge
gave way, precipitating about fifty per-
sons to the water's level. Twelve or thir-
teen were seriously injured. Mrs. Lewis
Meyers and her young son, it is thought,
will die. Horace Keifer, son of ex-
Speaker J. Warren Keifer, had his arm
broken. Fortunately drift at the foot of
the abutment below prevented the hor-
ror of death by drowning.

But One Day of Married Life.

MADISON, Ind., April 21.—Henry
Washburn, aged 70, and Ellen Jones,
aged 14, were united in marriage Friday
afternoon by Squire Cravens. The old
man was decidedly decrepit. Saturday
morning Washburn made application
through Attorney Wells to have the
marriage nullified, giving as a reason
that neither the girl nor himself knew
what they were about. It is reported,
however, that "White Caps" visited his
home at Milton, Ky., Friday night, and
left imperative orders to undo his work.

A N. Y. Operator's Neglect.

LIMA, O., April 21.—An eastbound
freight train and a westbound gravel
train collided, Friday night, two miles
west of this city, on the Chicago and At-
lantic railroad, caused by the night op-
erator at this station neglecting to de-
liver an order to the westbound train,
which would have held them at this sta-
tion. The trains met on a curve, smash-
ing the engines up badly and ditching a
number of cars. The track was blocked
several hours. Luckily no one was hurt.

Otto Leuth's Hanging Postponed.

CLEVELAND, O., April 21.—Otto Leuth,
the boy who murdered little Maggie
Thompson, one year ago, and who was
to have been hanged on April 26, has
been given a new lease of life. The
circuit court has granted a stay of exe-
cution until June 20, in order that a
petition in error may be argued.

A Murderer Captured.

MADISON, Ind., April 21.—Abner
Righthouser, who last October murdered
John McVey at Lee's Landing, ten miles
below here, was captured in Missouri
and landed in our jail Saturday.

THE EVENING BULLETIN

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
Proprietors.

MONDAY, APRIL 21, 1890.

The Democratic primaries at Frankfort Saturday were held under the Australian ballot system.

The River and Harbor bill as reported to Congress contains an appropriation of \$31,000 for the improvement of the Big Sandy river and \$2,500 for each fork of that stream.

In very few places do Republicans seem anxious to bring about the adoption of a reform ballot system. The movement is largely a Democratic one, and it is gaining popularity every day.

That was a nice "fake" sent out last Friday about the skirmish the State guards had with the Harlan County outlaws. Nothing in it, and the fellow who started it deserves severe punishment.

A strong effort is being made at Washington City to have all the internal revenue districts in Kentucky consolidated into two districts, the headquarters of one to be located at Lexington and the other at Louisville. The President and Commissioner are said to favor the move, but the Kentucky Republicans who have been heard from are opposed to it. This latter statement will not surprise any one.

Items for the Farmer.

Cyclopaedia, by Cyclone 1956, record, 2:23, sire of the great unbeaten two-year-old Dr. Sparks, 2:25.

And the fine saddle and roadster stallion Lee Woodfolk, sired by Donovan's Diamond; first dam by Old St. Lawrence, second dam by Old General Taylor.

Royal George, sired by Blacklock, son of Field's Royal George, 2:35, sire of Bayron, 2:25, by old Royal George, sire of Toronto Chief, the sire of Thomas Jefferson, 2:23; dam Queen Victoria; bred by Mr. De Jarnett, of London, Canada.

The three stallions above named will all make the season of 1890 at Mose Daulton & Bro.'s Livery, Sale, Feed and Breeding Stables, Maysville, Ky. Call and examine them. No trouble for the firm to show stock. The breeder, the community or the nation that has the best horses has the whole world for a market. Terms—\$25, \$15 and \$15.

"Horse Sense"—We hear a great deal about "rattle-headed" horses, but very little about "rattled-headed" men, and yet we will venture the assertion that there are ten "rattle-headed" men, (horsemen, we mean), for every "rattled-headed" horse. This may not be an elegant expression, but there can be a great many solid facts stated about the horse business that are not elegant. Think how often we have seen a good and noble horse abused and spoiled and made worthless through the mismanagement of a "rattle-headed" driver, and who is it that cannot call to mind from one to a dozen phenomenal "prospects" that have been regaled into a state of "innocuous desuetude" by the same? Drivers are not the only class of horsemen that are subject to attacks of this peculiar kind of "mal-ade cerebral," for it is frequently the case that it is the owners "rattle-headedness" that brings wreck and ruin to the "prospect." Then, too, men sometimes get "rattle-headed" on blood lines and particular phases of the breeding problem. Owners sometimes get "rattle-headed" about their own particular stock, so much so that they can see no earthly merit in anything that they do not own. We have known breeders who would talk for hours in dilating upon the greatness of the blood lines of their own belongings, and then prattle the year round about the breeding of a neighbor's stock that was bred in exactly the same lines of his own stock. There is no "horse sense" in this kind of business. A driver that cannot "keep himself together" and use cool, calculating judgment from the start to finish and in all kinds of close places, is not fit to get in behind a horse, and a breeder that cannot recognize the merit of the various strains of blood and the good qualities of any animal, whether he owns it or not, is no more fit for Queen Victoria's head cook. "Level-headedness" beats brilliancy in most all avocations of life, and especially is this so in the horse business.

County Court Doings.

Walter S. Watson was appointed administrator of John W. Watson, and qualified with Samuel B. Poyntz as surety. Appraisers: D. P. Ort, E. A. Robinson and John W. Alexander.

Henry Gibbs, the executor named in the will of Isiah Anderson, declined to act as such, which was ordered noted of record.

SAM JOSEPH'S RHYMES.

Editor Bulletin:

I certainly miss you,
And beg you to mention
In your next issue
That Robinson's coming
With his big show,
And will exhibit at Maysville
April 30, you know;
And tell all your readers
No show can compare
With Robinson's circus
And mighty world's fair.
Ten big shows in one
Is what you will find
In this biggest of shows
As it is now combined.
You will see in the rings
One hundred new faces
Who take part in the circus
And hippodrome races;
And in the menageries
Let your eyes feast
On specimens rare
Of every wild beast,
White serpents and snakes
And all creatures that creep,
And also all birds
From the far upper deep.
In fact I can state—
And my statement is fair—
That all creatures that live
On the earth, or in air,
Can be seen with the show
Of which I now write,
Which exhibits April 30
Both day time and night.
I have written enough
And now I must close,
And stop all this nonsense
About our big shows;
So I close this jingle
By saying I am,
As ever, yours truly,
Your well-wisher,
SAM.

The Strongest Phenomena Ever Witnessed.

Mrs. Abbott, The Little Georgia Magnetic Marvel, will appear at the opera house on Friday and Saturday evenings April 25th and 26th, also at a ladies' matinee Saturday afternoon at 2:30 o'clock. Popular prices will prevail viz: 25, 35 and 50 cents. Matinee prices 15 and 25 cents. Mrs. Abbott accomplishes among other things the following: The four strongest men in the audience cannot lift her from the floor; standing upon one foot, she will resist the united efforts of three strong men to move her; three men can not take a cane from the palms of her open hands; a raised umbrella cannot be held over her head; she lifts men into mid-air by placing her open hands upon their heads; she lifts fifteen hundred pounds without physical effort; she lifts eight men clear from the floor, and at one time, with ease and grace; eight men strive in vain to hold a pole to the floor, with the heaviest man seated on it, while she lifts it from the floor; by laying the palms of her mighty hands into those of a 10 year-old boy, she transfers the power to him, and no two men can raise him from the floor. All these, and many other equally startling feats, Mrs. Abbott will accomplish, under full investigation.

A Woman Fatally Burned.

NEWARK, N. J., April 21.—Mrs. Mary McArthur, of 28 South Fifth street, Harrison, was fatally burned yesterday. Her husband had found fault because the dinner was late. While she was hurrying to take the dinner from the stove her clothing caught fire. She ran to the top of the house and back to the street before she was caught and the flames extinguished. All her clothing was burned, and her body was a mass of charred flesh.

Unlucky Gambler Cuts His Throat.

FORT WAYNE, Ind., April 21.—William Cothrell, well known as a railroad employe, committed suicide Saturday evening by cutting his throat with a razor. He had been gaming and losing heavily for the past few weeks, and came home with his last cent gone, and, bidding his wife farewell, passed upstairs and committed the deed before he could be prevented. He leaves a young wife.

Escaping Prisoners Shot.

LITTLE ROCK, Ark., April 21.—Three convicts attempted to escape from a stockade at Pulaski, twenty miles north of here, Saturday, and two of them, Dan. Sneed and Tom Oxford, both desperate characters, were shot and killed by guards. The third, Willis Walker, escaped.

Mrs. Parnell Not Suffering.

ATLANTA, Ga., April 21.—In a letter to Mr. T. D. Murphy, of The Atlanta Journal, John H. Parnell, brother of Charles Stewart Parnell, says that the recent reports of poverty and suffering of their mother are merely sensational.

Fashion Notes.

Flower panels are a new form of decoration, and flower borders still ornament dainty dresses of gauzy materials.

Among the elegant importations are black chamilly net bodices with director collars and cuffs of finest gold lace.

There is nothing exhibited in millinery just now more stylish and unobtrusive than the medium-sized round hats with their sable plumes.

Accordion-pleated skirts are worn, and will be for some time, also straight, full skirts of net, or crape, with rows of moire or other ribbons as a border.

It is the fashion now to cover small fancy tables in parlor, hall or dining-room with fabrics in silk and Oriental tissues with full-length curtains to match.

Lustrous mohairs are inexpensive, and may be recommended for service and durability. Fabrics of this sort shed the dust, cling to the figure gracefully, are as light as cotton in weight.

A pretty fashion prevails just now of wearing a graceful little French toque of velvet—reseda green being a favorite color—the front of which is adorned with a full sprig of fine green foliage.

Batchellor had 18,000 dozen, and the
Scotia 25,000, making a total of 58,000
dozen by the three boats. The Keystone

big cargoes of eggs.—Exchange.

The Railway World.

A union depot is to be erected at
Ashland.

A car-load of mules shipped from Lex-
ington last Saturday to Richmond, Va.,
went East by way of this city.

At Augusta, Henry Gregston got judg-
ment for \$350 against the C. & O. for
injuries received in jumping from a
train.

The C. & O.'s Russell accommodation
is to be extended through to Ashland
under the next time-card. This state-
ment comes from Ashland.

At Covington, Friday, two suits were
filed against the C. & O. One by Geo.
J. Spaulding for \$1,800, for damages done
his property. W. W. McCourt sues for
\$1,999 for the loss of a foot.

The Bath Court of Claims has given

The earnings of the Chesapeake and
Ohio Road for the second week of April
show an increase of \$42,132.60 over those
for the corresponding week of last year.

1889..... 94,255 91

W. J. Hsrahan, at present Engineer
Maintenance of Way of the C. & O.,
with office at Maysville, will, after May 1,
be Resident Engineer of the same road,
with headquarters at Huntington, W.
Va. He will be succeeded here by F. A.
Mollitor, who is now assistant engineer
of the K. C. Railway.

The March statement of railroad earn-
ings is a good one. One hundred and
fifty-four roads, the mileage of which is
81,964, or fully one-half that of the
United States, earned gross in March
\$33,326,436, as against \$30,553,282 in
March last year, a gain of \$2,771,154, or
over 9 per cent. The mileage of these
roads increased during the year only 2.52
per cent. The Financial Chronicle calls
it a surprise and says a different showing
was expected.

Six Acres of Ground Required for Robinson's Shows.

John Robinson's big shows will com-
mence their sixty-first annual tour of the
United States next Saturday, opening at
Cincinnati. They will be here April 30th
The Equivler yesterday said: "For its
gigantic double menageries and aquarium,
its museum, &c., it is necessary to secure
at least six acres of ground. Always on a
par with the best and largest canvass
exhibitions in the world, Mr. Robinson
has this year exhausted effort in enlarg-
ing and improving his show in all its
branches. A magnificent zoological de-
partment complete with rare wild beasts
in splendidly decorated cages, a museum
with all that is quaint and curious in
nature, an aviary and aquarium filled to
repletion with rare and beautifully
plumaged birds and peculiar specimens
of the denizens of the water. A superb
circus performance participated in by the
leading artists in the equestrian, gymnec
and acrobatic arts, the exhibition being
varied by the humorous interpolations of
witty clowns, who for a novelty claim
originality."

For the many features of this big show,
read the advertisement which appears
elsewhere.

A Marked Improvement.

The continual shifting around of officers
on the C. & O. Railroad seems to have
resulted in a considerable improvement as
to time made by freights from New York
and the East to Maysville. Two car-loads
of sugar and one car-load of mixed mer-
chandise, all leaving New York on the
15th inst., arrived here on the evening of
the 19th, making the time from New York
to Maysville via Newport News four and a
days. This is "rapid transit," and the
Kanawha Dispatch will make a strong
effort to give Maysville the best freight
time from the East which has ever been
made by any line.

Last Thursday's issue of the Lexington
Leader says: "A party of jolly anglers
was that whi h to-day arrived home
again after an absence of twelve days
spent in the unremitting pursuit of the
elusive denizens of Jellico Creek and
Cumberland River. They arrived in
Lexington at 6 o'clock this morning, tired,
but with a sportsmanlike consciousness
of having done their duty toward the
finny tribe. The members of the party
were Dr. W. H. Felix, J. R. Howard, of
Lexington; General Green Clay Smith,
Clay Smith, Jr., Dr. Van Antwerp, Capt.
Bomar--the last four of Mt. Sterling--
Colonel Frank S. Owens, of Maysville,
and Mr. Dickerson, of Detroit, Mich.
The party had splendid success and caught
lots of bass, but state that they left a few
for seed."

It is Here To-day--French's Show.

French & Co.'s show arrived yesterday
from Richmond, Ky., and exhibits this
afternoon and to-night on the grounds in
Chester. The Journal of Fort Smith,
Ark., says:

"It is as superior to the average shows
as the cash-in-advance subscription list
is to the old time pay-when-you-get ready
style. "It is a Jim Dandy and don't you
forget it." One ticket admits to all. It
has the "cinch" on the show business
and no mistake and we extend cordial
welcome whenever the notion occurs to
visit us again. The gentlemanly courtesy
of all connected with the entire outfit is
not one of its least commendable fea-
tures."

The admission is only 25 cents.

BROWNING & CO.

3 EAST SECOND STREET.

Honoring Stanley.

He Is Royally Welcomed at Brussels.

ENTERTAINED BY THE KING.

They are Clothed Together for Hours, Talking Over the Congo Scheme—British Banquets Given in Honor of the Great African Explorer—Other Foreign News.

BRUSSELS, April 21.—Stanley arrived here at twenty-five minutes to 2 Saturday afternoon, having been met at the frontier by two of King Leopold's aides-de-camp, who invited him to enter a special train laid at his disposal by his majesty and by a deputation of the municipal council of Brussels.

A military band played the "Star Spangled Banner" as the train drew up in the station, and the civic guard and a battalion of infantry presented arms as the explorer stepped on the platform. A large crowd had gathered in the neighborhood of the station. So great was the enthusiasm to catch a glimpse of the illustrious visitor that people literally fought for coigns of vantage, and the police were obliged to interfere. A number of arrests were made, and several persons were seriously injured.

Meanwhile Stanley entered the royal carriage in waiting, with Comte de Oultremont, M. Mounteney Jephson, Surgeon Parke and Mr. Wilson, and drove to the palace amid the cheers of the vast crowd lining the route; though it was raining hard, Stanley who was in an open carriage, constantly raised his hat in response to the welcome accorded him. There had been some talk of a hostile demonstration on the part of students who are opposed to King Leopold's Congo scheme. If the students did demonstrate, their hisses and whistling went unheard amid the plaudits of the general public. King Leopold received Stanley literally with open arms. He was closeted with the explorer upwards of an hour, and in the evening gave a banquet in his honor.

After dining at the palace Stanley passed several hours in conversation with King Leopold. Yesterday he took a drive through the city, accompanied by two officers of the king's staff. Later in the evening he was tendered a banquet by Burgomaster Buis at the town hall. Sixty covers were laid, the guests all being men of distinction. The hall was decorated with the flags of Belgium, Great Britain and Congo Free State. The burgomaster, in proposing Stanley's health, prophesied that Africa would become what America is to-day. Responding, Stanley said he foresaw the day when Belgium would start from Antwerp by steamer and visit their brethren on the Congo as they now visit New York and London.

To-day Stanley dines with M. Lambert, Baron Rothschild's son-in-law. Whenever Stanley is seen in public he receives an ovation. Letters, cablegrams and presents pour in upon him by the hundred.

Labor Meetings in London.

LONDON, April 21.—The eight hour district meetings convened in London yesterday by the Federation of Labor union to consider the eight hour movement approved the proposition of the union to hold a monster meeting in Hyde park on May 1. The largest meeting yesterday was in Hyde park, and was addressed by several of the most prominent leaders of the short day movement. The chief speaker was John Williams. Among other things he said: The workmen now have four holidays every year forced upon them whether they want to observe those days or not. These holidays are primarily for the benefit of the other classes than the workingman and his convenience is not consulted in the matter at all. The one day that labor has asked for, May 1, is now denied. We propose to all take our May day holiday, however, whether the employers like it or not.

Trouble Feared the First of May.

VIENNA, April 21.—The workmen in the mines and iron works of the Prague Industrial company and the Austro-Alpine Mining company have demanded the eight-hour day, and if the demand is refused they will strike. This important movement indicates that a general strike throughout the empire is almost certain and grave apprehensions prevail in consequence. The excitement among the laboring population is so great as to make it certain that extensive demonstrations will occur on the first of May. The authorities are unable to conceal their anxiety. The cabinet will shortly publish a proclamation intended to influence the workmen and lessen the danger of outbreaks. Requisitions for troops have been received at Vienna from various industrial centers.

Fighting Expected in the Near Future. ZANZIBAR, April 21.—Maj. Wissmann is preparing to occupy and garrison Lindi. Sharp fighting with the natives is expected when the attempt is made.

Suffocated in a Mine.

LA SALLE, Ill., April 21.—Three miners working in shaft No. 2 of the Spring Valley Coal company's mines, were smothered while fighting fire yesterday. The fire started during the night in a lower level. At 6 o'clock Superintendent John Eustice, with a gang of men, went below to attempt checking the flames. They sent back orders which were understood to be to shut off the air supply. The shaft quickly filled with gas, and before assistance could be given Superintendent Eustice, N. S. Akeyson and Jacob Williamson were suffocated. Their two companions, rescued before they lost consciousness, aided in bringing up the three bodies.
